

MID-HUDSON LIBRARY SYSTEM
1977 SPECIAL PURPOSE GRANT APPLICATION

DATE: 5/17/77

Name of Library Haines Falls Free Library
City, Town or Village Haines Falls
County Greene

i. Describe project, program, service, etc.

a. **Purpose:** To consolidate our record collection. It is housed in several sections of the library and difficult to use. There is no way a patron may listen to and evaluate records. To offer a listening opportunity to summer residents, many of whom do not have record players in their summer homes.

b. **Program (method of accomplishing purpose):** With an additional set of double faced shelving, our collection of foreign language books can be moved from its present location in an alcove thus freeing an area to be used exclusively for records and listening.

c. **Results expected:** An increase in the use of records and hopefully a stimulation of interest in music.

d. **Method of evaluating results:** Much of this will have to be subjective. Observation of the use of the record player and conversations (either direct or overheard) concerning the records. There should be a notable increase in record circulation.
